Subject: Living in the IT era
Request: BSIT

Dear John Harvey Teoxon Agrabio.

We are group of students from Mondrian Aura College. Subic Bay, currently Bachelor of Science in Information Technology course. As part of our curriculum, we are conducting a study on the life behind of Professional Technology.

We believe Professional Technology of investigation exemplifies excellence in IT management and innovative solutions. Gaining insights into your operational expertise and service strategies would be incredibly valuable for our study.

We can arrange a time or schedule that suits your convenience. The interview will take roughly 15-20 minutes, and we guarantee that the data collected will be kept private and used only for educational purposes.

We hope that Professional Technology of investigation can accommodate our request as the knowledge we acquire study and comprehension of IT systems and infrastructure will be much enhanced by the knowledge we gain from this interview.

Thank you for considering our request.

Very Truly Yours:
